COLLECTION ORONA NEXT

We are Orona, your best travel companion

You are in good hands, the best hands.

We are Orona, a leading business group in sustainable vertical passenger mobility; every day we help more than 25 million people reach their destinations around the world.

Our objective is to bring people together, shortening the distances that separate them.

A number is worth a thousand words

+30,000

units per year
production
capacity

No. 1

in complete lift
production capacity
in Europe

60

years of
experience

+300,000

lifts worldwide with
Orona technology

A leader in elevation that puts the best of its knowledge at your disposal:

- Extensive experience throughout the entire vertical lift value chain
- The plant with the largest production capacity for complete lifts in Europe
- Lifting solutions designed and manufactured in Europe for the world

A committed partner:

- Social commitment, cooperative: people who work with people. We are united by our values.

Getting closer, our way to be and our way of doing.

JOIN THE...

world leader in the distribution of complete lifts with a presence in more than 100 countries through local partners and long-standing relationships.

A MODEL BASED ON...

comprehensive support, providing its partners with first-class technical assistance.

COLLABORATION IN...

solving the major challenges of the **value chain** through access to processes and applications that provide competitiveness and differentiating features.

COMMITMENT...

in ensuring our partners have access to the latest market trends through our continued **investment in R&D**.

Join the Orona Next Experience, where the journey is the destination, live your own story.

Three ambiances to create a unique **experience** when travelling in your lift.

HARMONIA

Ambiances inspired by natural elements, transmitting peace and serenity.

INNOVA

Innovation applied to design, offering refreshing trips that are full of energy.

RINACCIA

Ambiances based on timeless elements of contemporary architecture, offering an elegant experience.

Designed to take care of you.

Your health and that of your loved ones is important to us. That's why at Orona we have developed a series of solutions that contribute to your well-being:

Air purifier

The air purifier with nanoe™ X ^{*1)} technology inhibits the activity of viruses ^{*2)}, ensuring that the lift car air is clean and guaranteeing your well-being. It has a highly efficient purifying function.

nanoe™ X technology is based on a multitude of hydroxyl radicals grouped into water droplets that inhibit viruses, transforming their protein.

Furthermore, the high level of air renewal in a lift reduces the risk of exposure. The greater the lift ventilation rate, the lower the accumulated dose to which passengers will potentially be exposed.

* 1) nanoe™ X is a registered trademark of Panasonic Corporation.

* 2) Test results may vary according to the exposure area and air quality. Further information at www.orona-group.com/en-gb/orona-next/

Anti-bacterial car walls

The innovative materials used on the lift surface keep your lift car clean, thanks to the antibacterial surface.

Antimicrobial handrails

The handrail is the element used to facilitate access to the lift car, which is why we protect our handrails with an antimicrobial treatment that prevents both bacteria and viruses.

A space with universal accessibility

Orona Next includes accessibility elements to ensure that your lift is a universal space, so that it can be used by everyone in safe, comfortable conditions and in the most natural and independent manner.

Included features • Accessibility pack

PRECISE STOPPING

Optimises accessibility when entering or exiting the lift.

INDUCTIVE/ ACOUSTIC COUPLING

For people with hearing disabilities.

BRAILLE PUSH BUTTON

CAR PUSH BUTTON

Model with additional contrast.

CAR AND LANDING GONG

Notification of the lift reaching its destination through acoustic and visual signal.

ERGONOMIC HANDRAIL

Heights appropriate for users either standing or in wheelchairs.

MULTILINGUAL VOICE SYNTHESISER

Announces floor level, direction of travel and door operation.

SAFETY MIRROR ON THE BACK WALL

Facilitates detection of obstacles when exiting.

PHOTOELECTRIC CURTAIN

Avoids the risk of the doors hitting, allowing a safer use of the lift.

AUDIBLE AND VISUAL PUSH BUTTON INFORMATION

Their location, design, colour and visual / tactile (Braille) / sound operation comply with the EN 81-70 standard.

Other configurable options

- Tip-up seat.
- Visible direction arrow that displays the lift's direction of travel prior to its departure.
- Rear-view mirror.

Minimum car dimensions

We have cars with dimensions in accordance with EN 81-70. Consult standard dimensions tables.

Discover the **beauty** in the details.

Quality involves fighting time to maintain the aesthetics and functionality of the lift for as long as possible.

The only way to respond to this challenge is through smart design and excellent quality materials.

When a person enters our lifts, this condition must be present throughout their trip.

All good things last longer.

We comply with the highest standards of **quality**.

1. **AVANT-GARDE MATERIALS**

Our cars are configured with the highest quality and performance components. Compact core laminate panels with improved durability.

2. **ACCESSIBILITY EN 81-70**

Compliance with the most demanding accessibility regulations. Through car and door dimensions combined with other advanced safety and communication elements.

3. **IMPROVED CAR DESIGN**

The car structure allows obtaining better surface usability, maintaining the resistance level with an optimised weight.

4. **SUSTAINABLE DESIGN**

Reduced environmental impact thanks to the materials used, the optimisation of manufacturing processes and the energy-saving features included.

You design, and we make it possible.

We offer a wide collection of pre-designs so that you can customise your lift car to your own taste.

Unique collections to create your own lift car.

Select your preferred pre-design and customise each and every detail to your own taste, with all the options offered by **Orona Next**.

Reference

Modern and inspiring designs to meet the most functional needs. The colours on the walls bring luminosity to the car and a modern and fresh ambience.

Selection

Cars with a unique design that blend into the building's architecture, providing a touch of distinction through the combination of materials and finishes.

Premium

Spaces that blend into the most avant-garde buildings. The combination of textures and metallic finishes on the walls increases the depth of the car and generates a unique style.

Unique

Unique designs that adapt to unique settings, combining different materials such as stone, metal and glass.
